RE: Debate on Bond Issues

Dear Chairwoman Paula Kuhfus,

The Hubbard Radcliffe Action Coalition met yesterday evening (July 6, 2006) and discussed your proposal concerning a debate. We all agree that voter education is most important for a successful election.

In the past we have used public forums and postal mailings to present information to the school district and promote voter education.

As of this date we are aware of two public meetings planned by HR Care. The first of these meetings is on Monday July 10<sup>th</sup> and the second on Thursday July 13<sup>th</sup>. We also know that the Hubbard Radcliffe Coalition has a public meeting planned on July 12<sup>th</sup> and a second on July 13<sup>th</sup>. It is of our opinion that much information will be discussed at these meetings.

Another issue discussed concerning your offer was having a political debate on Sunday as you suggested. It is of our opinion that this is not an appropriate day of the week.

Due to the heavy schedule of public meetings already planned, limited days to prepare for a debate and the previous public meetings and mailings provided to the school district box holders, we do not feel a debate at this late notice is necessary or easily arranged.

Sincerely,

  
Richard R. Drake  
Chairman
